National Utilities Company (fictional) — Procurement Department

Request for Proposal: Arabic Speech Analytics Platform for the Customer Contact Centre

RFP No. NUC-IT-2026-118 · Issue date: 2026-10-25

Estimated budget	SAR 4,100,000
Contract duration	12 months (8 months implementation + 4 months support)
Clarification questions due	2026-11-12
Submission deadline	2026-11-26, 13:00 Riyadh time
Bid validity	90 days from the submission deadline

1. Background

The Company's contact centre handles about 250,000 customer calls per month in Arabic and English. Quality reviewers currently listen to fewer than 2% of calls. The Company seeks an AI platform that transcribes calls, detects customer sentiment and complaint topics, and scores agent compliance with service scripts.

2. Scope of work

1. Arabic and English speech-to-text for recorded calls, including Saudi dialects.
2. Automatic tagging of complaint topics, sentiment and escalation risk.
3. Agent quality scorecards and a supervisor dashboard in Arabic and English.
4. Integration with the Company's existing contact-centre recording system through REST APIs.
5. Training for 25 supervisors and four months of post-go-live support.

3. Bidder eligibility (all mandatory)

1. Valid Commercial Registration.
2. Valid Zakat certificate issued by ZATCA.
3. Valid GOSI certificate.
4. Valid Saudization (Nitaqat) certificate, Green band or higher.
5. VAT registration certificate.
6. ISO/IEC 27001 certification valid on the submission date.
7. Certified local content score of at least 35%.

4. Technical requirements

1. The bidder shall have delivered at least one Arabic natural language processing or conversational AI project valued above SAR 1,500,000 in the last five years, supported by a client reference letter. (mandatory)
2. Recognition of Najdi and Hijazi dialects is mandatory; Gulf and Southern dialects are desirable.
3. All recordings, transcripts and models must be hosted inside the Kingdom of Saudi Arabia. (mandatory)
4. Compliance with the NCA Essential Cybersecurity Controls (ECC). (mandatory)
5. Processing of personal data must comply with the Personal Data Protection Law (PDPL). (mandatory)
6. The proposed project manager must hold a PMP or equivalent certification. (mandatory)

5. Evaluation

Technical 70% (experience 30%, methodology 25%, team 15%), financial 30%. Minimum technical score: 60%.

6. Submission

Technical and financial proposals in separate files, a compliance matrix answering every item in sections 3 and 4, and a bid bond of 1% of the bid value valid for 90 days.
